To Whom it May Concern:

Atlantic Education International Inc. (AEI) was created in 1997 by the province of New Brunswick to deliver world class education opportunities to the global community through the New Brunswick Department of Education and Early Childhood Development.

In 2017, a partnership between Atlantic Education International (AEI) and the Canadian International School of Shenyang (CISS) was formed. CISS offers a K-12 international education program, that uses the New Brunswick curriculum and English language assessments to ensure participating students reach the graduation requirements for a New Brunswick High School diploma. When a student successfully completes all requirements, a diploma from New Brunswick is awarded to the students in the program.

Annual school inspections, verification that certified teachers are delivering intended course outcomes, and contact throughout the year with school owners and administrators comprise the quality assurance processes AEI undertakes on behalf of New Brunswick affiliated schools such as the Canadian International School of Shenyang.
